Live the American Dream

Since 1994, HELP University’s American Degree Program (ADP) has successfully transferred over 4,500 students to reputable universities in the United States of America. At HELP, we believe that our program offers an established and accessible transfer pathway for achievers who are looking to further their studies in America. With the collaboration and support of leading partner universities, we have designed a program to build a strong undergraduate general education foundation for students before transferring. We are proud of the success of our former students and we will continue to improve and broaden our range of subjects which in turn will allow our students to gain wider acceptance from higher-ranked universities of their choice.

If you decide to embark on your academic journey with us, we are confident that you will find our program to be both rewarding and satisfying. Our lecturers are passionate about their teaching. We strongly believe in nurturing our students’ critical thinking, creativity, communication and collaboration skills as well as emphasizing hands-on experience and assignments.

With exceptional loyalty and recommendation, our former students have repeatedly told us that their undergraduate preparation here was a profound advantage. Thank you for considering the HELP ADP and I look forward to welcoming you to our wonderful program.

Best wishes.

Dr Gerard Boey
Head of Department
Globally more than 30% of all international students choose to study in the United States. That makes it the number one destination for studying abroad. This is because American universities attract world-renowned faculty, are at the forefront of research and technology, and have state-of-the-art facilities that cannot be matched elsewhere.

The American university experience will exhilarate you. It will change the landscape of your life forever. After you complete your degree in the USA, you will return home changed: more confident, more open and knowledgeable, a citizen of the world with a much broader outlook on life! Universities in the USA will expose you to some of the most up-to-date developments in the world. Because the USA is the leader in many areas of research and technology, you may be fortunate enough to meet, and even study with, leading scholars and Nobel Prize winners. In ADP you work alongside those who are making a global impact in so many contemporary majors. Why not study with the best?
Why is ADP at HELP University the Best Choice?

The American Degree Transfer Program at HELP is two years of study that prepares you to complete your bachelor’s degree in the United States or Canada. We use an American-style approach specifically designed by experts in various fields. That’s why our transfer credits are accepted by over 100 of the best universities and our students become top achievers in academics, in industry, and in life.

The HELP University ADP has a unique learning style. Academic freedom is one of the hallmarks of an American education. In class, you will notice different perspectives on instructions. ADP students learn to observe and analyze a problem, and then solve it. You will listen to your classmates and challenge their points of view. In doing so, you will gain confidence, critical thinking skills and the ability to organize and present an argument.

We offer a wide range of subjects to help you get a well-rounded understanding of the world. ADP extracurricular activities such as field trips, clubs, sports and cultural events, and social activities maximize your campus life and give you a chance to make new friends.

The HELP University ADP will prepare you for work in almost any career or industry. Business, engineering, arts, communication, natural and applied sciences, design and many others are available for you. We have special arrangements that allow you to work in your chosen field while you are in the United States or Canada to gain valuable experience and knowledge. These internships make a big difference when you enter the job market.

Getting started on the pathway to your dream job with HELP’s ADP cannot be easier. Students who have finished their SPM or the equivalent can enroll directly into the program and begin their degree. There is no need for A-Levels or foundation! Why waste time?

---

**Progression Chart (US, UK & Canada)**

- SPM/O-Levels or equivalent UEC/SAM/NSW or equivalent STPM/A-Levels
  - Year 1: Freshman Year at HELP ADP General Education Courses (0 to 30 credit hours)
  - Year 2: Sophomore Year at HELP ADP General and Prerequisite Courses (31 to 60 credit hours)
  - Year 3: Junior Year at a university in the US or Canada Major Courses (61 to 90 credit hours)
  - Year 4: Senior Year at a university in the US or Canada Major Courses (91 to 120 or more credit hours)

- Year 2: HELP University 3-Year Degree (Local) Business / Psychology / Communications
- Year 3: HELP University 3-Year Degree (Local) Business / Psychology / Communications

**Entry Requirements**

If you have any of the following qualifications, you can register for our next intake. Forecast results are acceptable.

- 5 SPM credits (including English) with a pass in Bahasa Malaysia and Sejarah
- 5 O-Level credits (including English)
- 5 Bs UEC (including English)

HELP’s ADP lets you start your degree right away - no need to take A-Levels or foundation.

* Note: If you are doing A-Levels, foundation or degree at any institution, you can still come to the HELP University ADP. Our exemptions will be evaluated individually.

---

**Intakes**

New student Orientation Day

- January 11th / March 22nd / May 24th / August 23rd
What is a Major?
A major is a specialty within a field. For example, accounting is a major within the field of business or broadcasting is a major within the field of mass communication. Your major is a specialized subject in which you become an expert through study and research. To get your bachelor’s degree you will have to successfully complete 40 or more courses. Almost half of these courses will directly relate to your major. The others will prepare you to use your skills while enhancing and broadening your general academic knowledge.

Majors and Careers
Choosing a major is one of the most important decisions that you will ever make. At HELP University ADP, we realize that this can be stressful for students just entering higher education. We have designed ADP so that you can explore the opportunities available, and then make a better choice about the career you really want. Our counselors will provide you with the right information to help make wise educational and career decisions based on your interests, talents, passions and academic ability. HELP’s ADP and our many university partners not only provide you with intellectual growth and self-improvement but a search for truth and understanding as well. You will also receive technical training to enter and become successful in the real world.

We understand it can be hard to decide what career path you would like to follow. This is normal. ADP is very flexible for that reason. If you begin preparing for a degree in one field and then decide you would be happier in another, you are allowed to make that change. You do not have to start all over again and lose the time you spent studying. Your credits can simply be applied toward your new degree choice and you keep moving forward.
**USA Universities**

- Academy of Art University, San Francisco, CA
- Adelphi University, Garden City, NY
- American University, Washington DC

- University of Queensland, Brisbane, Queensland
- University of South Australia, Adelaide, South Australia
- University of Western Australia, Crawley, Western Australia
### General Education Requirements

**English Language (1-2 courses)**
- Basic English
- College Writing I
- College Writing II

**Mathematics (2-3 courses)**
- Finite Mathematics
- College Algebra
- Statistics
- Calculus I
- Calculus II
- Calculus III

**Natural Sciences (1-3 courses)**
- Biology
- Chemistry
- Physics

**Humanities (3-5 courses)**
- US History I, II
- History of Western Civilization I, II
- Anthropology
- Modern Literature
- Philosophy
- Critical Thinking
- World Religion
- Spanish I, II

**Social & Behavioral Sciences (2-3 courses)**
- Political Science
- US National Government
- International Relations
- Public Speaking
- Sociology
- Psychology
- Economics

**Visual & Performing Arts (1 course)**
- Music Appreciation
- Drama

### Pre-Major/Specialization

**Engineering**
- Calculus I, II, III
- Statistics for Engineering & Sciences
- Linear Algebra
- Differential Equations
- Chemistry I, II
- Physics for Engineering & Sciences I, II
- C++ Programming
- Basic Mechanics
- Thermodynamics

**Biosciences**
- Calculus I, II
- Statistics for Engineering & Sciences
- General Biology
- Cell Biology & Physiology
- Biochemistry & Molecular Biology
- Chemistry I, II

**Actuarial Science**
- Calculus I, II, III
- Statistics for Engineering & Sciences
- Linear Algebra
- Differential Equations
- Probability
- Accounting I, II
- Microeconomics
- Macroeconomics
- Computer Science I, II (Waterloo)

**Business**
- Statistics
- Accounting I, II
- Microeconomics
- Macroeconomics
- Business Administration
- Marketing
- Management

**Computer Science**
- Calculus I, II
- Statistics & Engineering Sciences
- Java Programming
- C++ Programming

### Psychology
- Statistics
- General Psychology
- Research Methods
- Social Psychology
- Developmental Psychology
- Counseling Psychology

### Mass Communication
- Introduction to Mass Communication
- Public Speaking
- Public Relations

### Electives
- **Free Electives**
  - Computers and Their Applications

### Blended Learning
ADP now offers blended learning versions of our courses. These have the same content and quality found in our face-to-face classes, but with the convenience and flexibility of being online. You can still meet your lecturer on our campus and you earn credit towards your degree.

### Popular Fields of Study
These and many others are possible at HELP University's ADP:
- Actuarial Science
- Arts and Design
- Biosciences
- Business
- Computer Science
- Engineering
- Health Science
- Mass Communication
- Psychology

Details in the following pages
Actuarial Science

Actuaries are in demand all over the world. In the modern economic climate, with new risks and the need for evermore creative ways to deal with them, there are constant opportunities for actuaries. Actuarial science is a relatively new major that could be considered a blend of business and applied mathematics. Students learn to use statistics and computer analysis to predict outcomes and minimize financial risk. Careers available to those with this degree are financial analysis and investment management. Actuary students should be good in mathematics, computers, and economics. They must be ambitious, independent and rational thinkers who can communicate well.

American university partners which offer this major:
★ Drake University
★ Indiana University, South Bend
★ Ohio University
★ Towson University
★ Temple University
★ University of Central Oklahoma
★ University of Nebraska, Lincoln
★ University of Wisconsin, Eau Claire
★ University of Iowa

Canadian university partners which offer this major:
★ University of Waterloo

Actuarial Science
University of Waterloo, Ontario, Canada

HELP’s ADP is the preferred transfer program to the University of Waterloo (UW) and consistently admits the largest student numbers from Malaysia to UW each year.

The University of Waterloo, located in the heart of Canada’s Technology Triangle, has become one of Canada’s leading comprehensive universities with 28,000 full- and part-time students in their undergraduate and graduate programs.

For 17 years in a row, the university has been named Canada’s most innovative university in Maclean’s annual university rankings, and has topped the reputational categories of Best Overall, Most Innovative, and was deemed as the university most likely to produce the Leaders of Tomorrow.

Waterloo, which is also home to the world’s largest post-secondary co-operative education program, embraces its connections to the world and encourages enterprising partnerships in learning, research and discovery.

★ Faculty of Mathematics
The University of Waterloo’s Faculty of Mathematics has the largest concentration of mathematical and computer science talent in the world. Perhaps the best testimony to Waterloo’s standing and exceptional reputation is the quality and many achievements of its faculty’s teachers, researchers, alumni, and students. With more than 5,300 students, 200 full-time professors, and 180 courses in mathematics, statistics and computer science, the faculty is a powerhouse of discovery and innovation.
The University of Waterloo is home to the largest co-op education system in the world. It has 3,500 employers worldwide hiring their students for employment directly related to their field of study. The Faculty of Mathematics students earn on average between CAD52,000 and CAD83,000 during possible six co-op work terms.

Most programs in Waterloo’s Faculty of Mathematics are offered in both the co-op and regular systems of study. Academically, co-op and regular are the same – that is, students from both systems take their courses together and follow the same academic programs. The only difference is that co-op students take a break from their studies every four months to go on four-month work terms, in jobs located primarily in Ontario, with a smaller selection found across Canada and abroad.

Admission to co-op is considered on a case-by-case basis using official transcripts and information provided in the Admission Information Form. Students must meet the English proficiency requirement. Students who meet the academic requirements have a strong chance of being admitted.

There is a breadth of programs offered under the Faculty of Mathematics, including Actuarial Science, Applied Mathematics, Combinatorics and Optimization, Computer Science, Math/Business Administration, Math/Financial Analysis and Risk Management, Pure Mathematics and Statistics. These programs prepare students for a wide range of career possibilities.

| ★ Faculty of Mathematics ★ 1½ + 2½ Regular Program ★ 1+4 Co-op Program (3 years of study + 8 months of co-op) |
|-------------------------------------------------|-------------------------------------------------|-------------------------------------------------|-------------------------------------------------|-------------------------------------------------|
| **YEAR 2** | **YEAR 3** | **YEAR 4** | **YEAR 5** | **Total** |
| | | | | |
| Regular | Study | Study | Off | Study | Study | Off | Study | Study | Off | w | WT= 0 |
| Co-op a | Study | Work | Study | Work | Study | Work | Study | Work | Study | Work | Study | WT= 5 |
| Co-op b | Study | Study | Work | Study | Work | Study | Work | Study | Work | Study | Study | WT= 5 |
| Co-op c | Study | Work | Study | Work | Study | Work | Study | Work | Work | Study | Study | WT= 6 |
| BBA/BMath* | Study | Work | Study | Work | Study | Work | Study | Study | Study | Work | Study | WT= 4 |

★ The regular system provides continuity
The regular system of education, a more traditional approach than the co-op system, is a desirable option for a significant portion of their students. The regular system involves eight months of study from September through April. The academic year (two four-month school terms) is then followed by a four-month break during which students normally work.

★ Co-op provides on-the-job experience
With opportunities to connect classroom theory with actual applications in a wide range of employment settings, co-op is attractive to a large percentage of mathematical and computer science students. During co-op work terms, students undertake a variety of job responsibilities, pick up new work-related skills, and earn competitive salaries, depending on the job level and experience. While co-op takes one year longer to complete than a more traditional program – for a total of 4 years 8 months – students gain up to two years of valuable work experience and secure important career contacts.

★ International work study program at UW
Work/study jobs at the University of Waterloo typically pay around CAD9.50, CAD10, or CAD11 per hour. The maximum number of hours is 10 hours per week, with maximum earnings of CAD1,500 per 4-month term, including vacation pay and benefits. There are 1,100 part-time campus jobs available with starting pay at CAD9.50 per hour. After studying at UW for 6 months, students are also eligible to work off campus for up to 20 hours (part-time) per week while in school, and up to 40 hours (full-time) not in school (e.g., during summer break).

★ Admission during transfer
Students in the HELP-Waterloo combined program will need to complete one year in HELP before attending the University of Waterloo.
- Regular studies
  Grade Point Average (GPA) of at least 3.0 and Grade Point Average of at least 3.7 in mathematics courses.
- Co-op studies
  Grade Point Average (GPA) of at least 3.7 and Grade Point Average of at least 3.7 in mathematics courses.

★ Required ADP courses for transfer (co-op eligibility)
Maximum 12 courses
- MA 123 Calculus I
- MA 124 Calculus II
- MA 225 Statistics
- MA 220 Introduction to Linear Algebra
- MA 240 Differential Equations
- MA 250 Probability
- AC 201 Accounting I
- AC 202 Accounting II
- EC 101 Introductory Microeconomics
- EC 102 Introductory Macroeconomics
- CH 101L Chemistry I
- PC 101L General Physics

Note: HELP’s Department of American Degree Program has signed an articulation agreement with the University of Waterloo in October 2009 to transfer our students to its Regular and Co-op programs.
### Degree Programs

#### Arts and Design

Arts and design is a field of study that includes a wider range of subjects than found in other areas. If you choose a major in this field, you could learn to design products, articles or materials; or you could develop your talents as an actor, artist, or musician.

This is a good field for those who enjoy expressing themselves in unique and artistic ways. It requires passion, imagination, and visualization.

**Majors in this field include:**
- Architecture
- Arts Management
- Dramatic Arts
- Fashion Design
- Film Arts
- Graphic Design
- Music Business Management
- Music Performance
- Photography
- And many others...

**American University Partners which offer these majors:**
- California State University
- Indiana University, Purdue
- Rowan University
- San Francisco State University
- State University of New York
- University of Arkansas
- University of Hawaii
- University of Kentucky
- University of Oklahoma

**Canadian University Partners which offer these majors:**
- Memorial University
- University of Windsor
- University of Winnipeg
- And many others...

#### Biosciences

Biosciences are majors concerned with the world of living things. Students learn to use physical and biological sciences to explore the nature of life.

They may specialize in research centering on plants, animals or human organisms. This is a good field for those interested in problem-solving, deductive and inductive reasoning, investigative laboratory work and fieldwork.

**Majors related to this field:**
- Biochemistry
- Biophysics
- Biotechnology
- Forensic Science
- Genetics
- Marine Biology
- Microbiology
- Wildlife Management
- And many others...

**American University Partners which offer these majors:**
- DePaul University
- Drexel University
- Iowa State University
- Michigan Technological University
- Montana State University
- State University of New York
- University of Central Arkansas
- University of Hawaii
- University of Minnesota
- University of Missouri
- University of Nebraska

**Canadian University Partners which offer these majors:**
- Memorial University
- University of New Brunswick
- University of Windsor
- University of Winnipeg
- And many others...

#### Business

Business graduates are in demand in every industry. The ability to direct and coordinate the activities and operations of an organization is a valuable skill. Business students learn the fundamental principles, concepts, and methods used in modern business.

Those who are suited for this field enjoy working with numbers and data, have good communication skills, take initiative, are competitive and enjoy working with people.

**Majors in this field include:**
- Accounting
- Banking and Finance
- Business Management
- Entrepreneurial Studies
- Human Resource Management
- International Business
- Investments and Securities
- Management Information Systems
- Marketing
- Real Estate
- And many more...

**American University Partners which offer these majors:**
- American University
- Creighton University
- Drake University
- Iowa State University
- Linfield College
- Michigan Technological University
- Montana State University
- Pepperdine University
- Rowan University
- State University of New York
- University of Arkansas
- University of Nebraska
- And many more...

**Canadian University Partners which offer these majors:**
- Memorial University
- University of New Brunswick
- University of Windsor
Computer Science
Computer Science is a dynamic and vital field that impacts almost every sector of the economy. Evolution and innovation continue to make computer-related careers a hot commodity in the 21st century. Professionals in this field design computers and the software that runs them. You can learn to gather, transmit and generate crucial information, work with computer languages and artificial intelligence, or design games, systems and hardware for future products. Those who are interested in working with technology and are good at math and problem solving will do well in computer science.

Majors in this field include:
- Animation/Computer Graphics
- Computer Programming
- Computer Science
- Computer Software Engineering
- Digital Media
- Information Science and Systems
- Management Information Systems

American University Partners which offer these majors:
- DePaul University
- Drake University
- Grand Valley State University
- Hawai‘i Pacific University
- Michigan Technological University
- Montana State University
- Pepperdine University
- Rowan University
- University of Oklahoma
- University of Illinois at Urbana Champaign
- University of Minnesota
- University of Nebraska

Canadian University Partners which offer these majors:
- Memorial University
- University of New Brunswick
- University of Windsor

Health Science
Health science students learn the art of healing. Workers in this field often earn more than other trained professionals and they have the benefit of knowing that they are contributing to a person’s well-being. Society is more health-conscious than in times past and these graduates will be in ever-increasing demand. To excel in this field, you should be emotionally strong, sincere, enjoy working with people and have a good eye for detail.

Majors in this field include:
- Food Science and Nutrition
- Health Services Management
- Medical Laboratory Technology
- Nursing
- Sports Medicine

American University Partners which offer these majors:
- Drake University
- Indiana University
- Illinois Institute of Technology
- Linfield College
- Pepperdine University
- Wichita State University
- Hawai‘i Pacific University

American University Partners which offer these majors:
- Drexel University
- Indiana University-Purdue University
- Iowa State University
- Michigan Technological University
- Montana State University
- University of Hawaii
- University of Illinois at Urbana Champaign
- University of Kansas
- University of Missouri
- University of Nebraska
- University of Oklahoma
- Wichita State University

Canadian University Partners which offer these majors:
- Memorial University
- University of New Brunswick
- University of Windsor

Engineering
Engineering is about planning and designing things. Engineers create the machines, structures, processes and systems that we encounter in our world. They work in research and development, manufacturing, construction, and industry.

Engineering students need to be good with mathematics and science. Abstract reasoning, problem solving and creativity are also desirable traits.

Majors in this field of study include:
- Aerospace Engineering
- Automotive Engineering
- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Electrical/Electronic Engineering
- Industrial Engineering
- Mechanical Engineering
- Nuclear Engineering
- Materials Engineering
- Petroleum Engineering

American University Partners which offer these majors:
- Drexel University
- Indiana University-Purdue University
- Iowa State University
- Michigan Technological University
- Montana State University
- University of Hawaii
- University of Illinois at Urbana Champaign
- University of Kansas
- University of Missouri
- University of Nebraska
- University of Oklahoma
- Wichita State University

Canadian University Partners which offer these majors:
- Memorial University
- University of New Brunswick
- University of Windsor
Here are some other exciting majors at HELP ADP

You can earn your degree in one of these:

- Aviation
- Aviation Management
- Criminal Justice
- Dietetics
- Game Design
- International Commerce
- International Relations
- Investments and Securities
- Library Science
- Music Therapy
- Nanotechnology
- Pre-Dentistry
- Political Science
- Religious Studies
- Retail Marketing
- Social Work
- Sports Science

**Mass Communication**
Mass communication is the science of exchanging information. Media used to convey these messages include television, radio, print, internet and social media, and public speaking. The mass communication student specializes in one or more of these and becomes the voice of businesses and organizations.

Students interested in mass communication need good oral and written language skills, fluency of ideas, creativity, and persuasion skills.

**Majors in this field include:**
- Advertising
- Broadcasting
- Digital Communications
- Journalism
- Media Arts
- Public Relations
And many more...

**American University Partners which offer these majors:**
- American University
- Creighton University
- Drake University
- Grand Valley State University
- Iowa State University
- State University of New York
- Towson University
- University of Illinois at Urbana Champaign
- University of Minnesota
- University of Missouri
- University of Wisconsin
And many more...

**Canadian University Partners which offer these majors:**
- University of New Brunswick
- University of Windsor
- University of Winnipeg

**Psychology**
Psychology is a study of human behavior. It covers a wide variety of topics such as learning, cognition, motivation, personality, group processes, and behavior. Psychologists collect and interpret scientific data to better understand people. Students in this field will explore the modes involved in normal and abnormal thoughts, feelings and actions by using psychological facts, methods, and principles. Skills and abilities needed to do well in psychology: critical thinking, oral and written expression and comprehension, and a desire to work with people.

**Majors in this field include:**
- Applied Psychology
- Child Psychology
- Clinical Psychology
- Counseling
- Criminology
- Developmental Psychology
- Experimental Psychology
- Social Psychology
And many more...

**American University Partners which offer these majors:**
- Grand Valley State University
- Iowa State University
- Pepperdine University
- State University of New York
- Towson University
- University of Kansas
- University of Nebraska
- University of Oklahoma
And many more...

**Canadian University Partners which offer these majors:**
- Memorial University
- University of New Brunswick
- University of Windsor
- University of Winnipeg
Learning Experience in HELP ADP

Ms. Thayalarani d/o Singanayagam
(over 25 years of teaching experience)
Lecturer of Mathematics subjects

“Calculus classes at ADP empowers you to solve problems”

Ms. Ponni Alagppan
(over 7 years of teaching experience)
Lecturer of Natural Science subjects

“Learning not to accept things at face value, instead putting them to test scientifically for a life-long learning experience”

Dr. Malini Ramanan
(over 20 years of teaching experience)
Lecturer of Humanities and Social Sciences subjects

“All the way…from thinking critically about cultures to the culture of critical thinking”

Legend: Private - Independent university or college; Public - State-supported university or college

Please note that:
1. The total costs cover one full academic year – 9 months (excluding summer session)
2. Miscellaneous expenses include books and supplies, transportation and personal expenses for one academic year.
3. During summer, additional costs vary from USD3,000 – USD5,000 depending on university and location.
4. Students are encouraged to budget potential tuition increase of 3% – 8% percent annually.

Number of Students Transferred (2015 – 2017)

US Universities
- Academy of Art University, San Francisco, California
- American University, Washington DC
- Arizona State University, Tempe, Arizona
- Bemidji State University, Bemidji, Minnesota
- Boston University, Boston, Massachusetts
- Bowling Green State University, Bowling Green, Ohio
- California State University, Long Beach, California
- California State University- Fullerton, Fullerton, California
- California State University, San Marcos, California
- CSU-Long Beach, Long Beach, California
- CSU-Northridge, Northridge, California
- Drake University, Des Moines, Iowa
- Duke University, Durham, North Carolina
- Embry-Riddle Aeronautical University, Daytona Beach, Florida
- Iowa State University, Ames, Iowa
- Indiana University, Bloomington, Indiana
- John A. Logan College, Carterville, Illinois (Community College)
- Kent State University, Kent, Ohio
- Life University, Marietta, Georgia
- Messiah College, Mechanicsburg, Pennsylvania
- Miami University, Oxford, Ohio
- New York University, New York, New York
- Northern Arizona University, Flagstaff, Arizona
- Northern Illinois University, DeKalb, Illinois
- Ohio University, Athens, Ohio
- Ohio State University, Columbus, Ohio
- Orange Coast College (Community College), Costa Mesa, California
- Pace University, New York, New York
- Penn State University, University Park, Pennsylvania
- Pepperdine University, Malibu, California
- Portland State University, Portland, Oregon
- Purdue University, West Lafayette, Indiana
- Saint Peter’s University, Jersey City, New Jersey
- San Francisco State University, San Francisco, California
- San Jose State University, San Jose, California
- Southern Illinois University, Carbondale, Illinois
- Stony Brook University, Stony Brook, New York
- St. Cloud State University, St. Cloud, Minnesota
- SUNY-New Paltz, New Paltz, New York
- Temple University, Philadelphia, Pennsylvania
- University at Albany (SUNY), Albany, New York
- University of Bridgeport, Bridgeport, Connecticut
- University of Central Oklahoma, Edmond, Oklahoma
- University of Idaho, Moscow, Idaho
- University of Illinois Urbana-Champaign, Urbana, Illinois
- University of Iowa, Iowa City, Iowa
- University of Kansas, Lawrence, Kansas
- University of Kentucky, Lexington, Kentucky
- University of Minnesota, Minneapolis, Minnesota
- University of Montana, Missoula, Montana
- University of Nebraska-Lincoln, Lincoln, Nebraska
- University of Northern Iowa, Cedar Falls, Iowa
- University of Wisconsin-Eau Claire, Eau Claire, Wisconsin
- University of Wisconsin-Green Bay, Green Bay, Wisconsin
- University of Wisconsin-Madison, Madison, Wisconsin
- Virginia Polytechnic Institute and State University, Blacksburg, Virginia
- Western Kentucky University, Bowling Green, Kentucky
- Western Michigan University, Kalamazoo, Michigan
- Wichita State University, Wichita, Kansas

Canada Universities
- Carleton University, Ottawa, Ontario
- Lakehead University, Thunder Bay, Ontario
- Memorial University of Newfoundland, St. John’s, Newfoundland
- Simon Fraser University, Burnaby, British Columbia
- Thompson Rivers University, Kamloops, British Columbia
- Trent University, Peterborough, Ontario
- University of Alberta, Edmonton, Alberta
- University of British Columbia, Vancouver, British Columbia
- University of New Brunswick, Saint John, New Brunswick
- University of Toronto, Toronto, Ontario
- University of Waterloo, Waterloo, Ontario
- University of Windsor, Windsor, Ontario
- York University, Toronto, Ontario

Australia Universities
- Macquarie University, Sydney, New South Wales
- Murdoch University, Perth, Western Australia
- Royal Melbourne Institute of Technology (RMIT), Melbourne, Victoria
- University of Adelaide, Adelaide, South Australia
- William Angliss Institute, Melbourne, Victoria

Czech Republic Universities
- Technical University of Ostrava, Ostrava

UK Universities
- University of the West of England, Stoke Gifford, Bristol
"QUALITY EDUCATION BACKED BY GREAT SUPPORT FROM LECTURERS"

MERVIN WILFRED D’SOUZA
Transferred to Duke University (USA)*, Majoring in Mechanical Engineering, CGPA 3.53
• Top 20 In World University Rankings (2015 – 2016 results) Kuwait Track and Field - 2011

"MY EXPERIENCE AT HELP WAS A VERY ENRICHING AND FULFILLING. ALL MY LECTURERS WOULD MENTALLY CHALLENGE MY PRE-STANDING ACTIONS AND TRULY PROVIDED ME A NURTURING LEARNING ENVIRONMENT."

ARCHANAA A/P SUNTHARALINGAM
Transferred to University of Minnesota (USA), Majoring in Political Science and Economics, CGPA 3.97
• HELP Interschool Debate Championship Scholarship (2012)
• HELP Merit Award (2015)
• Finalist of HEP-IPTS Debate Championship and Top 5 Best Speaker (awarded by Ministry of Education) - 2016
• Finalist of Seri Iskandar Debate Open Championship (awarded by U.T.P) - 2015
• Selected to be a part of Mckinsey’s Youth Leadership Academy (awarded by Mckinsey) – 2014

"THE ADP HAS BEEN A GREAT EXPERIENCE FOR ME. THE LECTURERS AND COUNSELLORS ARE A BALL OF FUN. I LOVE THAT IT’S DIVERSE AND COLORFUL IN PEOPLE AND CULTURE. I HAVE GAINED A LOT IN KNOWLEDGE, EXPERIENCE AND FRIENDSHIP"

NUR LISA BINTI IQBAL FEIRUZ KHAN
Transferred to University of British of Columbia (Canada), Majoring in Engineering, CGPA 3.45
• HELP Distinction Award (2014)
• HELP Merit Award (2015)

"STUDYING BOTH A-LEVELS AND ADP AT HELP HAS PROVIDED ME A BROADER AND MORE DIVERSE EXPERIENCE, MEETING AND BEING UNDER THE GUIDANCE OF MANY QUALIFIED LECTURERS AS WELL AS EXPERIENCING TWO DIFFERENT SYSTEMS"

WAN AZHAR ZULKAMAL BIN KHAIRUL IZMAN
Transferred to University of British of Columbia (Canada), Majoring in Engineering, CGPA 3.38
• HELP Distinction Award (2014)
Varieties of learning and experience at ADP. Clockwise from top left:
1. Indoor recreational activities
2. Students performing in drama class
3. Scuba diving in Redang Island
4. Students performing in a concert
5. School break at Redang Reef Resort
6. Fun day of music appreciation
7. Outdoor adventure at Taman Negara
8. Multicultural bonding
Academic Team

Dr Gerard Boey Kong Hoong
Bsc Hons (Campbell), Mac (Sys Eng) (Cardiff), DEd (USM), MIET
Head of Department

Prof Dr William G Borges
BA (Political Science) (California State University), MA (Political Science) (San Jose State), PhD (Political Science) (University of California)
Lecturer

Dr Ramanan Malini
BL (Madras), MA (Sociology) (Annamalai), CELTA (British Council)
PhD (UKM)
Lecturer

Dr Lim Eu Kit
BS (Mass Comm), BA (History) (Bemidji State), MA (History) (North Dakota), PhD in Religious and Theological Studies (Denver)
Lecturer

Marta Urpinell Lopez
Bachelor Degree in Social Work (Barcelona City), ELE Diploma in Spanish for Foreigners (Barcelona City)
Lecturer

Ayesha Abdullah Najieb Badib
MEd (Curriculum & Instruction) (UKMalaysia), BEd (TESL) (Univ. Science & Tech.) (Yemen)
Lecturer

Ponni Alagappan
BSc (Biochem) (Delhi), MSc (Biotech) (Bharathidasan)
Senior Lecturer

Thayalarani Singanayagam
BSc (Hons) (Math), MEd (Malaya)
Senior Lecturer

Christine Wong Shiau San
BSc (Mathematics) (Putra), MSc (Statistics) (Malaya)
Senior Lecturer

Wong Chuan Ern
BEng (Electrical & Electronic Engineering), MSc (Computer Science) (UTAR)
Lecturer

S Geetha Sivadasan
BA (First Class Hons), Dip Ed, MEd (Malaya)
Senior Lecturer

Sumathy KPD Moorthy
Dip Ed (TESL & History) (Malaya), BA (Hons) (Malaya), Masters HRM & IR (Newcastle, Sydney)
Senior Lecturer

Akmal Bin Ayob
BSyariah (Siasah Syar’iyah) Distinction (Malaya), MLetters (Aberdeen)
Lecturer

Belinda Ting
BA (Hons) (Anthropology & Sociology/Malay Studies), Master of Malay Studies (Malay Language) (Malaya)
Senior Lecturer
THE NEW BUSINESS ANALYTICS AND TECHNOLOGY INNOVATION CENTRE, SUBANG 2
Actualising HELP University's transformation into a Digital University (completion end 2019)
