WELCOME TO THE LARGEST ACADEMIC FACULTY AT HELP UNIVERSITY

HELP University's business programmes are the only one in Malaysia which permits students to transfer their credits to the final year of The University of Queensland Business/Commerce programme.

In the 21st century, conventional education is no longer relevant, applicable or adequate in the changing economic environment. The Faculty of Business, Economics and Accounting at HELP University offers students an exciting and diverse learning experience while also nurturing critical skills to ensure their success in the career world.

Among the valuable skills they learn are: uncertainty management, teamwork, conflict resolving, effective presentation and negotiation, and entrepreneurship.

We offer a wide range of business majors, including

- Accounting
- Entrepreneurship
- Economics
- Finance
- Business Psychology
- Business Analytics
- Marketing
- International Business
- Management
- Human Resource Management
- Hospitality Management
- Tourism Management

The curriculum is broad-based in nature. It emphasises active learning through problem-solving and real-life case studies.

Our accounting programme is the first Malaysian university programme to be accredited by CPA, Australia. Furthermore, our accounting programme is granted maximum exemptions by professional bodies such as ACCA, ICAEW and MAICSA.

Our students can transfer credits to many top universities, including The University of Queensland, Australian National University, Macquarie University, Queensland University of Technology, University of Liverpool, University of Bristol, Queen's University of Belfast, University of Leeds, Cardiff University, University of Essex, and many others. Our business programme is the only one in Malaysia which permits students to transfer their credits to the final year of The University of Queensland Business/Commerce programme.

Furthermore, we have various internships and graduate training programmes with many leading multinational companies including General Electric, KPMG, PWC, Ernst & Young, Deloitte and BDO. Hence, our graduates are preferred employees of top companies.

HELP is a popular choice for students who wish to pursue business, tourism and hospitality studies not only because of its academic excellence but also its teaching quality. We also provide students with a wide range of services and extracurricular activities aimed at building character, infusing leadership qualities and positive values, and taking care of their physical, mental and emotional health. Our educational philosophy is holistic and comprehensive.

DIPLOMA IN BUSINESS

(R3/0410/4/0024)(01/2030)(A6487)

INTAKES: January, February*, May August, October* **AVAILABILITY:** Subang Bestari and Damansara Heights campuses

Intakes are only applicable for those entering the programme without being granted any exemptions.

Fast-track Your Journey to Success in the Business World

HELP University's Diploma in Business is a two-year programme designed for students looking to launch or advance their careers in business. This comprehensive diploma equips students with a blend of theoretical knowledge and practical skills essential for success in finance, marketing, management, and other related fields. Recognised by top universities in Australia, the UK, New Zealand and China, HELP Diploma allows students to enter directly into the final 2-year of business-related bachelor's degrees. Students may also earn their bachelor's degrees in just 1.5 years locally upon completion of the diploma, joining the workforce six months earlier than peers in traditional programmes. The curriculum has been developed in consultation with international academic partners to meet rigorous global standards, ensuring a well-rounded education that balances academic rigor with real-world application.

Beyond academics, HELP University's Diploma in Business focuses on fostering hands-on skills crucial for today's competitive job market. Students gain valuable experience working with industry-relevant technology, enhancing their

problem-solving, teamwork, and leadership capabilities—qualities highly sought after by employers. The programme offers a dynamic learning environment, enriched by experienced faculty and modern resources that support students' personal and professional growth. The HELP faculty is committed to nurturing each student's potential, creating a supportive setting that encourages resilience and innovative thinking.

This diploma serves as an ideal pathway for those planning to specialize in business, providing the foundational knowledge and skills to pursue advanced studies or enter the workforce with confidence. By blending strong academic foundations with practical applications, the HELP Diploma in Business prepares students to tackle real-world challenges and make meaningful contributions to the business world from day one. For students who are eager to make a swift and impactful entry into the business field, HELP University's Diploma in Business offers an excellent start and a smart pathway to future success.

Shape Your Future in Finance with Expertise and Excellence

The financial world is evolving rapidly, and HELP University's Bachelor of Business (Finance) (Honours) programme equips you to stay ahead. Combining finance fundamentals with advanced financial technology, our programme prepares students for careers in traditional and emerging finance sectors.

Programme HIGHLIGHTS:

International Finance and Global Market Dynamics: Explore global market dynamics with a focus on Asian markets. Learn about currency risk, exchange rates, and international corporate finance—essential for careers in banking, asset management, or corporate finance.

Portfolio Management: Gain hands-on experience in portfolio construction, risk modeling, and asset allocation using tools like Excel and our Bloomberg Finance and Intelligence Hub

FinTech: Blockchain, Digital Currency and AI: Dive into Fintech innovations, including blockchain, AI, and big data, and learn to integrate these into strategic business plans.

Sustainable Finance: Understand how sustainability impacts financial decisions, focusing on ESG roles and impact investing.

Introduction to Technical Analysis and trading: Develop practical skills in analysing financial markets, preparing for roles in trading and market analysis.

Introduction to Financial Technology: Study the evolution of Fintech, government regulations, and future trends, equipping you to leverage Fintech in today's finance world.

Bloomberg Certification:

Students graduate with the Bloomberg Market Concept certification from Bloomberg, a valuable credential in the finance industry. It provides hands-on experience with real-time financial data, enhancing employability.

Join HELP University's Bachelor of Business (Finance) (Honours) and gain the knowledge and skills to excel in a tech-driven, sustainable financial future.

PROGRAMME DETAILS

- 3-year Honours programme
- 33 subjects including a graduate project

Your Path to a High-Impact Career in Accounting Begins Here!

HELP University's Bachelor in Accounting (Honours) is designed to prepare students for success in the dynamic field of accounting. The programme combines foundational theory, advanced technologies, and industry insights to equip graduates with the skills needed for impactful financial decision-making in business and government.

Aligned with global standards, the curriculum provides exemptions from professional bodies like CPA Australia, ACCA, ICAEW, and MIA. As part of the prestigious ACCA Accelerate Programme, students can sit for ACCA's Strategic Professional exams before graduation. Recognition by the Institute of Singapore Chartered Accountants (ISCA) further enhances regional career prospects.

The programme integrates future-focused topics like AI, blockchain, and digital currency with hands-on training in leading accounting software, culminating in a Microsoft certification to boost employability. Adjunct faculty from top accounting firms offer real-world insights and mentorship, bridging classroom learning with industry practice.

With a curriculum blending technical expertise and business acumen, HELP's Bachelor in Accounting (Honours) prepares you to lead in the accounting profession.

Your Pathway to Entrepreneurial Leadership

Ignite your entrepreneurial spirit with the Bachelor of Business (Entrepreneurship) (Honours) at HELP University—a dynamic programme crafted for aspiring entrepreneurs and business leaders. This programme combines foundational business knowledge with hands-on experience and knowledge in AI, blockchain, and digital currency, setting you up for success in both start-ups and established companies.

Our curriculum is designed to bridge theory and practice, blending essential topics in finance, marketing, and operations with innovation, leadership, and strategic thinking. Through project-based learning, internships, and direct engagement with industry experts, you'll gain valuable real-world experience and establish a professional network while earning a Microsoft certification to demonstrate your technical skills.

Entrepreneurship is about creating value and driving progress. This programme prepares you to identify opportunities, assess risks, and take actionable steps to pursue innovative ideas. With a focus on practical applications, students gain the critical skills to lead ventures from ideation to launch, and beyond. You'll graduate with a solid understanding of the entrepreneurial process, equipped with the mindset, strategies, and determination to bring new ideas to life.

Join the Bachelor of Business (Entrepreneurship) (Honours) at HELP and transform your passion for innovation into a career that makes an impact.

BACHELOR IN MARKETING (HONOURS)

(R3/0415/6/0041) (10/29) (A5952)

INTAKES: January, February*, May, August, October* **AVAILABILITY:** Subang Bestari and Damansara Heights campuses

Intakes are only applicable for those entering the programme without being granted any exemptions.

From Insights to Impact: Become a Marketing Trailblazer

Our curriculum is crafted to equip you with a deep understanding of modern marketing and its vital role within and between organizations. You'll develop essential skills in consumer behavior, sales, digital marketing, and strategic planning—key areas that empower you to deliver value in dynamic markets. Gain hands-on experience in digital marketing, social media strategy, and e-commerce, as well as the technical expertise in AI, blockchain, and digital currencies that employers are seeking in today's tech-savvy landscape. Our programme even allows you to earn a Microsoft certificate, demonstrating your technological proficiency before you graduate.

Beyond technical know-how, this programme hones your critical thinking, communication, and decision-making skills, preparing you to solve complex problems creatively and strategically. You'll master practical applications in retail, services, and distribution management, while courses in marketing analytics and research will teach you how to leverage data to make informed, impactful decisions.

Graduate with a Bachelor in Marketing (Honours) and enter the workforce with the skills, insights, and credentials to thrive in a digital, data-driven global economy. Join us to turn your passion for marketing into a career built for the future.

Inspiring Innovation and Leadership in International Business

Unlock your global business potential with the Bachelor in International Business (Honours) programme—a dynamic pathway to becoming a leader in the world of international business. This program is designed for students eager to specialize in international management and marketing while gaining a comprehensive foundation in business principles.

Through this programme, you'll develop critical skills for the global marketplace, including negotiation, leadership, and interpersonal communication, setting you up for success in managing teams and driving strategies across borders. Gain hands-on experience in generating creative strategies tailored to both local and global markets, and learn how to implement them effectively in diverse business environments.

You'll also explore emerging fields such as AI, blockchain, and digital currency, ensuring you are prepared for the technological shifts shaping the future of international business. Plus, students will earn a Microsoft certificate during

the programme, enhancing your technical proficiency and making you an attractive candidate for top employers.

In courses like Multinational Corporate Finance, you'll dive deep into the global financial system, with a special emphasis on Asian markets. Understand complex concepts such as currency risk, exchange rate determination, and international capital budgeting—skills vital for those aiming for careers in international banking, asset management, or corporate finance.

Graduates of this programme will have the skills to lead cross-cultural teams, negotiate effectively across international borders, and create innovative solutions to global business challenges. If you're ready to take your business career to the next level on the international stage, the Bachelor in International Business (Honours) is your gateway to a future-proof career.

Turning Data into Strategic Business Decisions

Gain a competitive edge with the Bachelor of Business Analytics (Honours) at HELP University—a unique programme that merges business acumen with advanced analytics to prepare you for success in the data-driven economy. Unlike traditional analytics degrees, this integrated programme empowers you with both business insights and analytical expertise, giving you the ability to make impactful decisions based on real-world data.

Throughout the programme, you'll earn industry-recognised certifications from Microsoft, SAS, and IBM, setting you apart and opening doors to targeted career opportunities right after graduation. Our curriculum also incorporates essential skills in AI, blockchain, and digital currency, ensuring you're ready to tackle the tech challenges of tomorrow.

With the prestigious MDEC Premier Digital Tech Institution status, our programme delivers an education recognised for its excellence in digital technology. You'll benefit from real-world internships, hands-on experience with the latest analytical tools, and a focus on sustainable business practices.

As a graduate, you'll have the skills to analyse complex data, generate statistical insights, and make strategic decisions across various business fields. This degree opens doors to diverse career paths, including roles like business analyst, quantitative analyst, project manager, and digital marketing manager.

Join the Bachelor of Business Analytics (Honours) programme at HELP University and prepare to lead in both business and technology, equipped with a forward-thinking mindset and the tools to drive meaningful change in any organisation.

Understanding Minds, Building Better Businesses

Unlock the power of human behavior in business with the Bachelor of Business Psychology (Hons) at HELP University—a unique programme that combines business strategy with the insights of psychology to create leaders who can drive meaningful organisational change. This degree programme is crafted for those aiming to excel in fields such as human resources, employee training and development, and customer relations. Through a blend of management expertise and behavioral science, you'll gain a deep understanding of what motivates people, enhances performance, and fosters a supportive, productive workplace culture.

Graduates of this programme develop a strong foundation in psychology, learning to analyse the psychological forces that shape individual and group behavior within organisations. You'll also acquire practical skills in leadership, team dynamics, and organisational development—tools essential for fostering positive work environments that boost motivation and well-being.

In addition, this forward-thinking programme integrates knowledge in AI, blockchain, and digital currency, ensuring you're equipped with insights into the technologies transforming today's business landscape. You'll also have the chance to earn a Microsoft certification during the programme, demonstrating your proficiency in essential business tools and enhancing your career readiness.

Upon completion, you'll be prepared for roles such as human resource manager, training and development specialist, and customer relations manager, bringing both psychological insight and practical management skills to any team or organisation. Join the Bachelor of Business Psychology (Hons) programme at HELP University and step into a career that balances people-centered leadership with strategic impact.

Empowering You to Excel in a Dynamic Hospitality World

The hospitality industry encompasses diversified fields within the service industry, including hotels, resorts, restaurants, event planning, theme parks and others from the tourism industry. Hospitality Management does not only concern accommodation and food and beverage services, but it also covers areas like meetings and events, gaming, entertainment and recreation, tourism services and visitor information.

In such a broad-based industry, career opportunities are extensive. As the hotel and hospitality industry moves increasingly from a skill-based to a knowledge-based industry, higher learning has become increasingly critical to opening

career doors and helping managers to be more fully attuned to the culture, services and competitive aspects of the sector.

Hospitality Management is a vibrant and challenging career. Graduates can find employment in casinos, hotels, restaurants, convention centres and special event management companies. Hence, this programme is ideal for people who are mobile, free-spirited and eager for new experiences and cultures. This major delves into international hotel operations management, technological applications in hospitality management and large-scale services management, as well as small business operations.

ASSOCIATE PROFESSOR DR KELVIN TAN JUI KENG

A former Foon Yew High School student, earned a Diploma in Business with Distinction from HELP University before completing a Bachelor of Commerce (1st Class Honours) and a PhD in Finance at the University of Queensland (UQ).

He received numerous scholarships and awards, including the Dean's Award for Research Higher Degree Excellence, and was among the first HELP University students to earn a PhD from UQ Business School.

Currently, he is an Associate Professor of Finance at UQ Business School, specialising in corporate finance research. His work is published in top-tier journals (A* ABDC ranked).

He serves on the UQBS Research Committee, is Vice President and board member of the Asian Finance Association, and is an Associate Editor of the Accounting Research Journal. Renowned for both research excellence and teaching, he is a recognised mentor for junior faculty and PhD students.

Freda Liu, originally from Brunei, is a HELP University and University of Southern Queensland graduate with a Bachelor's in Business (Marketing). Now a versatile professional, she excels as a radio host, educator, and motivational speaker.

Combining her broadcasting and marketing expertise, Freda champions social enterprises, sustainability, and impactful businesses, embodying entrepreneurial excellence and advocating for socially conscious ventures.

FREDA LIU

Broadcast Journalist | Speaker
Author | Moderator | Adjunct Professor
Leading Sustainable Corporations Programme (Oxford), PG Dip in Innovation & Design Thinking, Emeritus Certified Training Professional (ITOL), BBus (Marketing) (USQ), BMarketing (HELP)

To date more than 200 students from HELP University have graduated from partner universities under various scholarships schemes.

HELP University - The University of Queensland Scholarship Winners (July 2019 batch).
